FOR IMMEDIATE RELEASE

### **Symbiotic Aquaponic LLC to exhibit at Organic Grower Summit**

TALIHINA, Okla. (Nov. 14, 2018) – Symbiotic Aquaponic LLC will participate in the Second Annual Organic Grower Summit in Monterey, California, Dec. 12-13.

The Organic Grower Summit is an informative and educational event, bringing together producers, innovators and leaders in the field to explore issues related to organic production. As part of this year's trade show exhibition, Symbiotic Aquaponic will be featured. Summit attendees will be able to see a 40-square-foot Symbiotic system, receive information about other products and services and learn about USDA Organic Certification with aquaponics.

“Exhibiting at the Summit will help to inform organic farmers not only about Symbiotic and our mission but also about aquaponics and how it can be sustainably implemented in certified organic agriculture.” CEO Dr. Kaben Smallwood said.

The Organic Produce Network (OPN) and California Organic Certified Farmers (CCOF) launched the Organic Grower Summit as a way of bringing organic growers,

producers and processors together for education, information and networking opportunities production supply chain and support service providers.

Symbiotic currently supplies aquaponic systems to California growers directly and through their retail partnership with Mountain Feed and Farm Supply in Ben Lomond, California. In addition, the company is working together with the University of California, Davis, to supply materials for its recent aquaponics research project.

To learn register or learn more about the Organic Grower Summit, please contact Jill Tebbe (831) 884-5058. To visit, Symbiotic Aquaponic will be located at spaces 105 and 107 during the trade show exhibit. The trade show will be open from 11 a.m. to 3 p.m. on Dec. 12 and from noon until 3 p.m. on Dec. 13.
